Board of Directors
Town of Youngsville ABC Board

Report on the Financial Statements

We have audited the accompanying financial statements of the Town of Youngsville ABC Board, a component unit of the Town of Youngsville, which comprise the Statement of Net Position as of June 30, 2017 and 2016, and the related Statement of Revenues, Expenses and Changes in Net Position, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Town of Youngsville ABC Board as of June 30, 2017 and 2017, and the respective changes in financial position, and where applicable, cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted principally of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements as a whole. The Schedule of Expenses by Store and Schedule of Revenues and Expenditures – Budget vs. Actual are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenses by Store and Schedule of Revenues and Expenditures – Budget vs. Actual are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Management's Discussion and Analysis

This section of the Town of Youngsville Alcoholic Beverage Control (ABC) Board's (*the Board*) financial report represents our discussion and analysis of the financial performance of the Board for the year ended June 30, 2017 and 2016. This information should be read in conjunction with the audited financial statements included in this report.

Financial Highlights

- Working capital increased by \$3,033 or approximately 8.55% over the prior year.
- Profit increased \$17,285 or approximately 24.53% from the prior year due to increased sales and tighter control on operating expenditures.

Overview of the Financial Statements

The audited financial statements of the ABC Board consist of 3 components. They are as follows:

- *Management's Discussion and Analysis*
- *Basic Financial Statements*
- *Additional Information Required by the ABC Commission*

The *Basic Financial Statements* are prepared using the full accrual basis of accounting. They consist of three statements. The first statement is the **Statement of Net Position**. Assets and liabilities are classified between current and long-term. This statement provides a summary of the Board's investment in assets and obligations to creditors. Liquidity and financial flexibility can be evaluated using the information contained in this statement.

The next statement is the **Statement of Revenues, Expenses, and Changes in Net Position**. This statement is used in evaluating whether the Board has recovered all of its costs through sales. Its information is used in determining credit worthiness.

The final required statement is the **Statement of Cash Flows**. This statement reports cash inflows and outflows in the following categories: operating, investing, and financing activities. Based on this data, the user can determine the sources of cash, the uses of cash, and the change in cash.

The notes to the financial statements provide more detailed information and should be read in conjunction with the statements.

The ABC Commission requires some schedules in addition to the information required by generally accepted accounting principles. They include a **Schedule of Store Expenses** and a **Budget to Actual Reconciliation**.

Financial Analysis of the ABC Board

Net position is an indicator of the fiscal health of the Board. Assets exceeded liabilities by \$61,365 in 2017, 2016 and 2015. The largest component of net position was the investment in

working capital. It was 54.68% of the total net position for 2017, 48.74% for 2016 and 43% for 2015. Following is a summary of the Statement of Net Position.

The increase in sales is due to the efforts of the store manager in re-arranging the store to allow for a better customer experience and general improvement in the economic conditions including but not limited to new subdivisions being built in and around Youngsville. There is also a corresponding increase in taxes on gross sales, cost of sales, and gross profit. Increased distributions are due to an increase in the income from operations

NOTES TO THE FINANCIAL STATEMENTS

TOWN OF YOUNGSVILLE ALCOHOLIC BEVERAGE CONTROL BOARD
(A COMPONENT UNIT OF THE TOWN OF YOUNGSVILLE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Principles Used in Determining the Scope of the Entity for Financial Reporting:

The Town of Youngsville ABC Board (*Board*), a component unit of the Town of Youngsville (*Town*), is a corporate body with powers outlined by General Statutes [Chapter 18B-701]. The Town's governing body appoints the ABC Board.

The Town of Youngsville ABC Board is required by State Statute to distribute its surpluses to the General Fund of the Town which represents a financial benefit to the Town. Therefore, the Town of Youngsville ABC Board is reported as a discretely presented component unit in the Town's financial statements.

B. Organizational History

The Board was organized under the provisions of Chapter 590, Public Laws of North Carolina Legislature, General Assembly of 1971, and implemented by a Town wide election held June 15, 1971. The Youngsville Town Council appointed three individuals to serve on the ABC Board with terms of three years, two years and one year.

The Town of Youngsville ABC Board, as provided by North Carolina Alcoholic Beverage Control Laws, operates one retail liquor store and through its law enforcement division, investigates violations of such laws. North Carolina General Statute [18B-805(c)(2)(3)] requires that the ABC Board expend at least 5% of profits for law enforcement.

C. Basis of Presentation

All activities of the Board are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or the change in net position is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

D. Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting. All sales are made by cash, check, debit or credit card and recorded at the time of sale. Other revenues are recorded when earned. Expenses are recognized when incurred.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the statement of net position date, and reported amounts of revenues and expenses during the reporting period. Estimates are used to determine depreciation expense. Actual results may differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017

F. Assets, Liabilities, and Net Position

(1) Deposits

All deposits of the Town of Youngsville ABC Board are made in board-designated official depositories and are collateralized as required by State law [G.S. 159-31]. The Town of Youngsville ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town of Youngsville ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

All the Town of Youngsville ABC Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town of Youngsville ABC Board's agent in the ABC Board's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town of Youngsville ABC Board, these deposits are considered to be held by the Town of Youngsville ABC Board's agent in the ABC Board's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town of Youngsville ABC Board or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the Town of Youngsville ABC Board under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

At June 30, 2017, the ABC Board's deposits had a carrying amount of \$68,558 and a bank balance of \$99,772. All of the bank balance was covered by federal depository insurance. The ABC Board had cash on hand in the amount of \$1,749 at June 30, 2017.

At June 30, 2016, the ABC Board's deposits had a carrying amount of \$48,061 and a bank balance of \$83,604. All of the bank balance was covered by federal depository insurance. The ABC Board had cash on hand in the amount of \$1,324 at June 30, 2016.

(2) Cash and Cash Equivalents

For purposes of the statement of cash flows, the Town of Youngsville ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

(3) Accounts Receivable

There are no accounts receivable for June 30, 2017 or June 30, 2016.

(4) Inventories

(6) Net Position

Net position consists of the following:

a. Net investment in capital assets – This component of net position consists of capital assets, including any restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

b. Restricted for law enforcement – This applies only when the ABC board employs its own ABC officer.

c. Restricted for capital improvements – State law [G.S.18B-805(d)] requires approval of the appointing authority to establish this account.

**TOWN OF YOUNGSVILLE ALCOHOLIC BEVERAGE CONTROL BOARD
(A COMPONENT UNIT OF THE TOWN OF YOUNGSVILLE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

d. Restricted for working capital – North Carolina Alcoholic Beverage Control Commission Rule [.0902] defines working capital as the total of cash, investments and inventory less all unsecured liabilities. An ABC board shall set its working capital requirements at not less than two weeks' average gross sales of the last fiscal year or greater than four months' average gross sales of the last fiscal year.
